Source: MFSI DC Pulse, Q1 2013. Survey methodology: MFS[®], through Research Collaborative, an independent research firm, sponsored an online survey from January 29 to February 6, 2013, of 1,002 defined contribution plan participants who identified themselves as being between the ages of 20 and 69 and employed with at least a \$1,000 balance in a plan with their current employer. MFS was not identified as the research sponsor.

You should recommend products based on your client's financial needs, goals and risk tolerance.

Before investing, consider the fund's investment objectives, risks, charges and expenses. For a prospectus or summary prospectus containing this and other information, contact MFS or view online at mfs.com. Please read it carefully.
